

Nursing Assistant – Certified Program

at River Mountain Training Center, Newport WA

Summer Class Starts June 18, 2018

What are the job duties of a Nursing Assistant?

The Nursing Assistant – Certified Program is intended for the individual desiring to work as a NAC in long term or acute care. Skills obtained in the Nursing Assistant Program include:

- Obtain vital signs
- Perform non-invasive monitoring as directed by the RN or LPN
- Observe for and report to the RN or LPN unexpected situations
- Express needs and changes in the resident's condition
- Monitor and document the resident's intake and output
- Document care and observations thoroughly and accurately
- Feed and assist residents with nutritional intake and follow dietary restrictions
- Assist residents with hygiene and grooming needs
- Transfer and assist residents with ambulation and mobility needs
- Assist residents with active and passive range of motion exercise
- Apply anti-embolism and pneumatic stockings
- Reapply cannula and oxygen masks for residents already receiving oxygen therapy
- Collect specimens as directed by the RN or LPN
- Utilize assistive devices, transfer aides, and other equipment safely

Career Opportunities

What can you look forward to doing once you successfully complete the Nursing Assistant Certified Program and pass the Washington State National Nurse Aide Assessment Program Examination (NNAAP)?

- Employment opportunities exist for the state-certified nursing assistant in long-term care, home-health care, nursing home and residential care. Local opportunities also exist for employment in hospitals.
- The Nursing Assistant – Certified Program is also useful for people wanting to have employable skills while preparing for nursing or other health careers.

Employment opportunities require a current Washington State Nursing Assistant Certification.

Program Curriculum

The Nursing Assistant – Certified Program at River Mountain Training Center is a 186 hours program five weeks in length, Monday thru Friday at \$1120 for the program.

River Mountain Training Center prepares students to qualify for the National Nurse Aide Assessment Program Examination (NNAAP), in preparation to work as professional nursing assistant in Washington State. We are dedicated to developing quality professionals by combining the most up-to-date techniques and technology along with compassion in providing care to sick, injured, and aging population.
