## WELCOME, NEW PROVIDERS!

Dr. Stacy Zabriskie and Dr. Aaron Zabriskie

Aaron Zabriskie, M.D. (Family Practice) and Stacy Zabriskie, M.D. (General Surgery) have signed a one year contract to work in Newport between now and their next scheduled mission trip to Zimbabwe. They chose Newport because they love the mountains and the Pacific Northwest, and were drawn by the close-knit community and warm hospital atmosphere.

The doctors were recently married and honeymooned in Thailand prior to their move to Newport. Stacy will fill in for Dr. Tim Chavis following his retirement this fall.

Aaron graduated from University of Washington medical school and completed his rural family practice residency training in Vancouver, WA. Stacy graduated from University of Arkansas medical school and completed her surgical residency training at Vanderbilt University and East Tennessee State before starting work in rural Missouri. The couple

met doing mission work in Zimbabwe. Both doctors are currently seeing patients at the new clinic. Their interests include medical missions to Zimbabwe, hiking, biking, and watching football with a mug of warm Washington apple cider. They would also love to share their work in Africa with the community and speak about their mission at church and civic groups.

Jennifer Eickstadt, PA-C, received her training from the University of Washington and has practiced since 2010 in Bonners Ferry, ID. She began her career in Newport on September 6th.

Jennifer Eickstadt, PA-C

Elisabeth "Lisa" Mackey, ARNP, is a recent graduate from Gonzaga University's Family Nurse Practitioner Program. She launched her practice at Newport Health Center this month. In her spare time, Lisa

Lisa Mackey, ARNP

loves fishing, hiking, kayaking and skiing and looks forward to moving to the Spirit Lake area soon.

Call (509) 447-3139 for an appointment!
