Local Knights of Columbus Council Gifts Pediatric Wheelchair

NEWPORT – Newport Hospital and Health Services CEO, Tom Wilbur, Ryan Wilson, PA-C, and Emergency Department staff gratefully accepted a brand new pediatric wheelchair donation from the Knights of Columbus, Pend Oreille Council. Previously, the hospital did not have a pediatric wheelchair available. The shiny yellow Viper wheelchair will be used for pediatric patients in the Emergency Department, Surgical Center, and Acute Care Unit. Tom Garrett delivered the chair on behalf of the council. “The Knights of Columbus have an extensive participation in the American Wheelchair Mission, and we are pleased to be able to provide our community hospital with this brand new pediatric wheelchair,” said Garrett.
